# SUMMIT SOCIETY

**P**rogress is the product of human agency. Things get better because we make them better. United Way of Northern Arizona recognizes this, and that by advancing the common good, our community is headed to lasting positive change.

It takes the combined efforts of a community to forge lasting change as well as great leadership. The leadership, participation and commitment of the Summit Society Members is essential to advancing the common good of our community. On behalf of the United Way of Northern Arizona board, staff and our neighbors who benefit from your generosity, THANK YOU.

**Kerry Blume**  
President & CEO  
United Way of  
Northern Arizona

Founded in 1992, the Summit Society consists of 816 active community investors who contribute \$500 or more annually. Summit Society members set a standard of charitable giving in our community, and motivate, by example, those who have the potential to increase their level of commitment. We are grateful to all Summit Society members for your leadership and financial contribution.

Collectively, Summit Society members demonstrate a Big Heart for those in need in our communities throughout Northern Arizona. THANK YOU for your support. We appreciate you!

Summit Society members provide Leadership Giving that is essential to United Way of Northern Arizona's programs that improve literacy, decrease substance abuse and underage drinking, build financial assets for citizens with limited resources, and enhance delivery of prenatal and preventative health care.

Please join us this year with your continued giving. Now, more than ever, your financial support will make a big difference in the lives of so many others. Our community is counting on us. This Mission is indeed VERY POSSIBLE!
